Happy Spring...

Have you taken a moment to notice the mini canvas artwork hanging up in Brewer Hall? Our Sunday School classrooms took a moment to enjoy a drizzly morning walk outside, so that we could search for signs of God during one of our Ten Character Traits of Jesus lessons. We split up into a few small groups, then we very happily searched and announced our findings of the feeling of wind on our faces, cold rain on our hands. We could even hear the difference of two Blue Jays and a Robin singing among the trees.

We then came back inside and made the mini canvas drawings of our time outside together. Some artwork is what the children experienced that day, some artwork is what they remember from warmer days, some artwork is what they wish they could see.

During the month of May, we will be working on Bible sensory exploring. Using one of our five senses each week we will develop a deeper understanding of Jesus' disciple lessons through fun hands-on science learning. We started last week with the story of Thomas believes, using our sense of SIGHT. Any artwork or pictures from these lesson weeks will be displayed upstairs in the hallway.
