Sunday School is in need
of summer treats and
juice boxes!

Children's Harvest is
on Aug 30th

Rhianna will be away
July 5th & August 16th

No Sunday School on
September 6th

Keeping busy with Summer fun...

Our Sunday School children are currently working on a few things this Summer! The first and most important work is their Vacation Bible School mission project during our VBS week June 28-July 5th. This year's theme is Snowball Mountain Challenge with the Bible verse focus of "I can do all things through him who strengthens me." Philippians 4:13

After working on Bible stories like... Jesus Prays in the Garden, Esther Shows Courage, Joseph Interprets Dreams. Each of us will actually "wrap up" VBS with the Philippians 4:13 Bible verse printed as a friendly reminder on a gift tag that will be tied on a winter hat and gloves set. These special sets will then be given out to our homeless community members this coming "26-27" Winter season during one of our community breakfasts.

This Summer we also have a few of our new church members interested in working on music and dancing with our children! We will begin scheduling practice opportunities shortly. Please keep an eye on our Education Bulletin board in Brewer Hall this Summer for these exact dates.

Continuing with our year of Sunday School growth Miss Janet, Miss Gracie, and I will also be away at the Work of Fred Rogers Conference training on July 8th-9th. We are looking forward to meeting up with some of my Educator Neighborhood alumni as well as seeing some key Fred Roger's history archives and physical locations in his hometown of Latrobe Pennsylvania. We hope to share some of the amazing work the institute is sharing with us revolving around Fred's work. A few conference workshops we may attend include Learning through Love, The Power of Presence, and Fred Rogers legacy in relationships- based work TODAY. We look forward to utilizing the skills we learn at the conference this coming school year.

Lastly this Summer we will be completing our twelve-week nature Bible curriculum with the theme around insects. After a quick stop for VBS fun week, we will continue our exploration of God's teeny creatures starting with bug #8, Praying Mantis! The curriculum objective goal for this unit is that children will enjoy praying every day.
