Things we are thankful for…

Our second project is now complete! Sunday School had been working on a special Trunk or Treat Compassion project for a little boy named Chase. For this project our Wesley Children helped make a Story Walk of Chase's favorite Cars Disney book! He loved every page of it and ran around repeatedly to read the pages with his parents and me during his event. Multiple times a day he continues to read the book with his family while he heals from his brain surgery. Chase's surgery went well last month, and although there is no cure for the type of seizure disorder he has, his doctors believe they were able to help with the areas of the current issue and improve his quality of life. His parents send a huge "Thank you" to all of you for praying for him!

This month we will take a quick pause on our Compassion projects so we can begin working on our ideas for this year's Nativity play. It Is also time for another family activity. If your family is interested in making an Advent wreath together as a group on Sunday November 22nd after service, please register by November 8th, to reserve the materials needed.

Our children will also make a friendship bread recipe this month and have another fifth Sunday where they will run service with Pastor Nizzi. If your child is interested in trying out a different job duty for service this month, please let Pastor Nizzi or myself know as soon as possible.
